Part 4 Fact Sheet

Why Future Matrix?

- Future Matrix has pioneered the development of digital archiving and document management as a market niche in Pakistan.
- Future Matrix specializes entirely in document management technology which includes document management software, digital conversion outsourcing services, consulting services and specialized digital archiving training.
- Future Matrix has a 18 year track record of working with large prestigious financial Institutions and providing digital conversion, archiving and document management solutions and services.

Why Future Matrix?

- Future Matrix is the only specialized document management company in Pakistan with 26 prime institutions as its **ROSETTA©** customers including 5 non-banking Financial Institutions , 12 commercial banks and 9 non-financial Institutions.
- Future Matrix has the experience of working with and implementing document management & digital archiving solutions in 39 different technology and 39 different operational environments within the financial and non-financial sectors in Pakistan
- Future Matrix has provided thousands of hours of onsite/offsite customer support and specialized digital archiving training to its customers.

Why Future Matrix?

- Future Matrix provides its customers customized, comprehensive and indigenously developed training material; User Manuals, Electronic help files, Server/Client side Installation Manuals, custom built Procedure Manuals, Release notes and regular updates.
- Future Matrix has over 50 years of cumulative customer experience devoted exclusively to all aspects of document management which includes consulting, project management, software implementation and rollout, outsourcing services for document digitization and R&D on emerging areas in document management and digital archiving technologies.
- Future Matrix is servicing a network of capturing stations country wide that are presently archiving about 1,500,000 images every month.

Consulting

- Future Matrix provides specialized training and consultation to its customers pre and post **ROSETTA©** deployment, for an agreed, stipulated and scheduled duration.
- Future Matrix has recently launched its proprietary consulting deliverable DMPF ©(Document Management Policy Framework). The content highlights of this top level proprietary policy document is provided to customers on request.
